3. It has been reported that the 3rd Heavy Machine Gun Battalion at Elhovo has been disbanded and replaced by an engineer battalion of the 3rd Engineer Regiment at Shumen.
4. It has also been reported that the 2nd Antiaircraft Regiment at Kazanlik is being reduced to the strength of a battalion.
5. Commissariat units are said to have been reduced in strength.
6. The effectives of frontier troops have been increased. Field artillery regiments have been increased by the addition of a motorized group to each regiment.
7. Cavalry units have been amalgamated into two light ("brsa") divisions:

Southern Light Division	
1st Cavalry Regiment	Sofia
3rd Cavalry Regiment	Plovdiv
4th Cavalry Regiment	Yambol
6th Cavalry Regiment	Harmanli

Northern Light Division	
8th Cavalry Regiment	Dobruja
10th Cavalry Regiment	Shumen

8. The following motorized regiments consisting of motorized infantry and light tanks have been reported:

1st Motorized Regiment	Sofia
2nd Motorized Regiment	Smolyan
3rd Motorized Regiment	Nevrokop
4th Motorized Regiment	Tergovishte

9. Transport regiments do not appear to have been subjected to any reduction in strength. It is said that the reserve cadres of drivers and mechanics for these regiments are to be greatly increased, so that in the event of mobilization of civilian trucks, these units could serve the army. At present, each transportation regi-

ment has an average of about 2,000 trucks.

10. It is reported that the Sliven - Stara Zagora region is being turned into a major supply base. Large stocks of all kinds of war material are being built up in this area. Recently large quantities of spare parts for motor vehicles have been arriving in Sliven. On 6 and 7 March large numbers of shells began to arrive in Elhovo by rail and road.
